- Relevant Coursework: Object-Oriented Programming, Database Management, Web Development, Data Analytics, Software Engineering
-

Technical Skills:

- **Programming Languages:** Python, C#, JavaScript, HTML, CSS, SQL
 - **Frameworks & Libraries:** ASP.NET Core, EF Core, Bootstrap
 - **Tools & Platforms:** Visual Studio, VS Code, Microsoft SQL Server, GitHub
-

Projects

Portfolio Website — 2024

- Designed and developed a personal portfolio website to highlight technical skills, projects, and professional background.
- Built a **responsive** and modern landing page utilizing **HTML**, **CSS**, and **Bootstrap** to ensure **cross-device compatibility**.
- Focused on clean, accessible design with a **user-friendly** layout to highlight key achievements and projects.
- Integrated custom styling with **Bootstrap's grid system** to create a visually appealing and **interactive interface**.

Landing Page for Cheesecake Business — 2025

- Designed and developed a fully responsive landing page for a cheesecake business using **HTML**, **CSS**, and **Bootstrap**.
- Implemented a visually appealing layout with a modern design aesthetic, leveraging **Bootstrap** for responsive grid structures and styling.
- Ensured **cross-device compatibility** with optimized **media queries** for screens of various sizes.
- Integrated custom buttons, icons, and forms for a polished user experience.

Testimonials Section with Swiper Slider — 2025

- Designed and implemented a dynamic testimonials section with auto-rotating carousel functionality using **Swiper.js**.
- Integrated custom **CSS** variables for consistent styling across the website, ensuring a **responsive layout** on various devices.
- Developed a **user-friendly interface** with client names, positions, ratings, and testimonials.
- Utilized **Bootstrap** for layout structure and **Swiper.js** for smooth transitions and autoplay functionality in the slider.
